

A blurred interior scene featuring a wooden desk, a stool, and a window with curtains. The desk is dark wood with a simple design, and the stool is also dark wood. The window has light-colored curtains and offers a view of a green landscape. The overall image is out of focus, creating a soft, dreamy atmosphere.

Heirloom furniture. Mirror gets most usage. **Poor lighting** so not used for makeup. **Store away larger items but leave out jewelry**, lotions and perfume. Not used as a desk. Wishes there were more compartments. Mismatched chair.

Heirloom furniture. Free standing mirror. Places laptop on vanity but does not do work there. Used for makeup and skincare. Everyday materials are left out. Stores away cards and sentimental items in drawer. Mismatched chair. **Poor lighting.**

Arlette Collection

Arlette Vanity

The Arlette Vanity seamlessly blends mid-century elegance with contemporary functionality. Designed as a hybrid vanity and workspace, it features a concealed mirror, integrated LED lighting, and a combination of open and closed storage. A subtle pop of color adds personality without overpowering the form. Ideal for compact living, Arlette supports both beauty rituals and productivity—without compromising on style.

When closed, the Arlette Vanity functions as a clean, spacious desk—perfect for writing, working, or studying, with hidden storage that keeps the surface clutter-free.

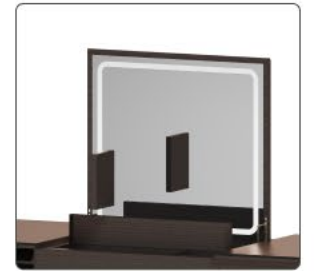

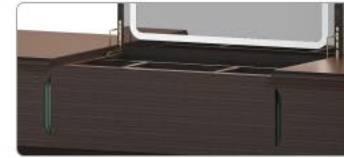

Lift the center panel to reveal a mirror, LED lighting, and organized storage—instantly transforming the piece into a functional, elegant vanity.

Arlette Vanity

Beneath the mirror, a hidden compartment offers organized storage with removable, friction-fit dividers—allowing users to customize the layout for makeup, brushes, or accessories.

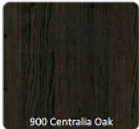

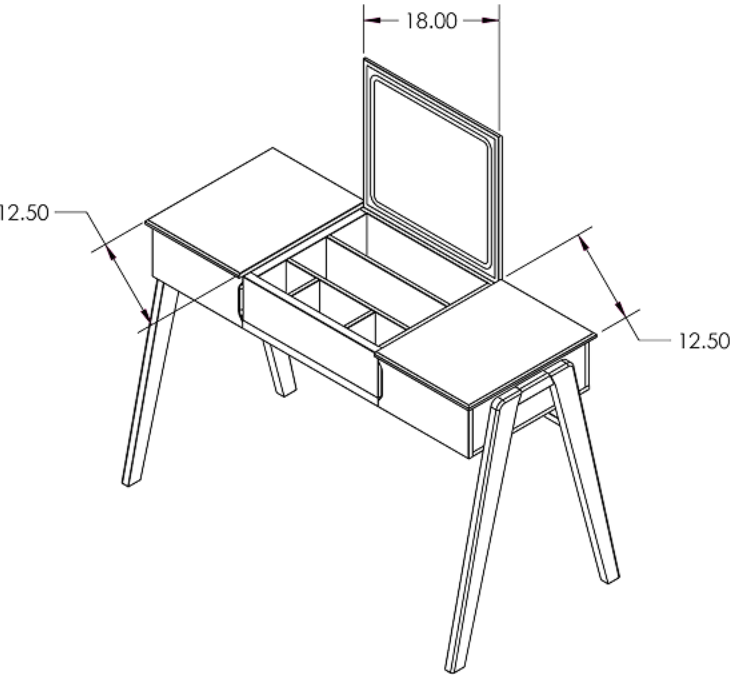

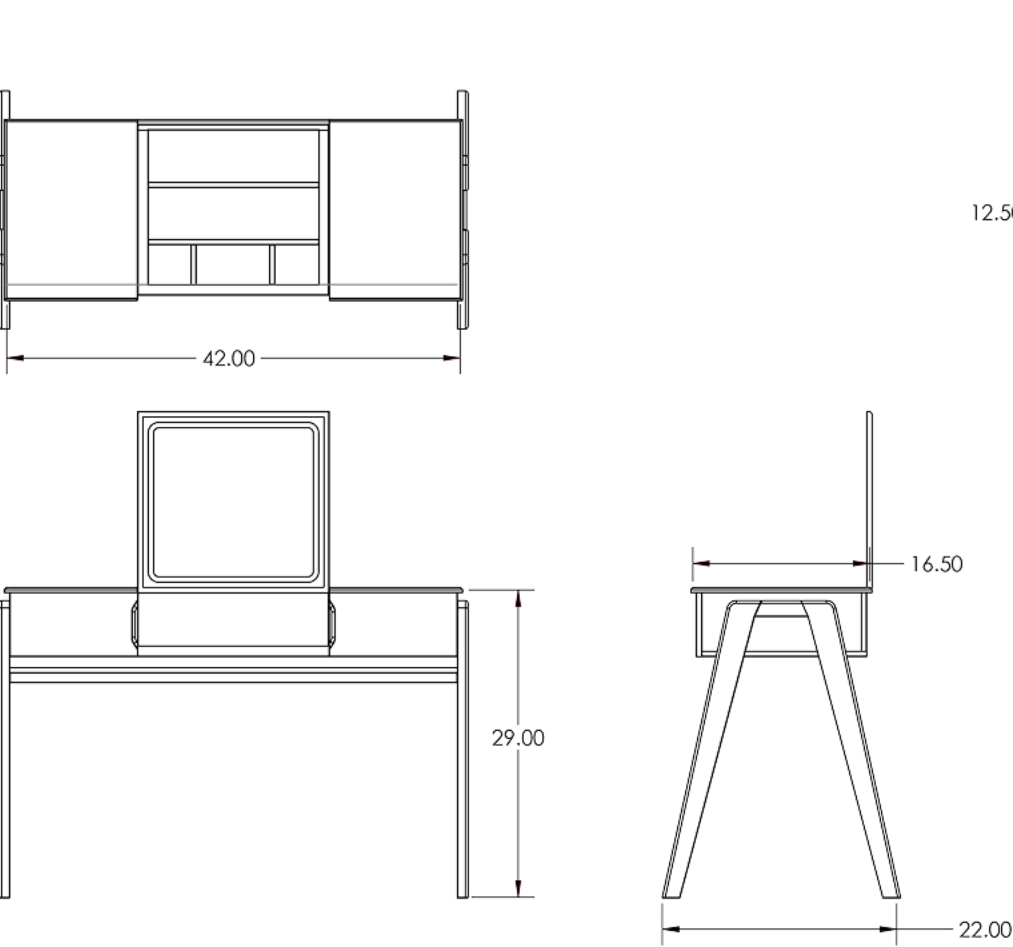

Inside the side cabinets, removable walled shelves provide flexible storage—users can adjust or remove them to fit taller items or lift them out and place them on the desk surface for easy access to everyday essentials.
